Our Expectations

We expect our members and their families to behave in a reasonable and sociable way towards their peers, our coaching staff and other youth and adult members. We also expect all children and parents/guardians to train, play and support within the Spirit of Cricket (<http://www.lords.org/laws-and-spirit/spirit/>)

When joining Salfords Cricket Club we expect members to sign up to and behave within the Code of Conduct Guideline – included in this document. Likewise, all who have any responsibility for youth cricket in any way at our club are expected to respect individuals and conduct themselves appropriately.

All coaches work in line with ECB policy, all coaches hold a valid DBS (Disclosure Barring Service). Other members of the club who have regular contact with youth members will also hold a valid DBS check. The club have an appointed Welfare Officer (see club contact section) who is trained in safeguarding and child protection.

Parents/guardians are asked to ensure that coaches are made aware before coaching sessions or matches of any medical condition which might affect their child's performance or which might require specific attention (e.g. asthma), or of any injury which may prevent a child from taking part in elements of coaching (e.g. sprain).

The social aspect to our club is very important to us and we encourage parents and guardians to remain at the club during training session and matches. The bar is open during training sessions (and profits from the bar are an important contribution to club funds!) There are a range of social activities held throughout the year to raise money for club funds, check the website or club newsletter for details.

Equipment

At Salfords CC we will allow use of all training equipment for your children during training sessions but all children are expected to bring a personal abdominal protection (i.e. cricket box) if in the hardball groups. Children are welcome to bring their own equipment if they would like to, but the

club will not be responsible for the equipment should the equipment be damaged or lost. Safety is of our utmost importance therefore helmets, gloves and pads will be provided and used in accordance with ECB regulations.

We will use a range of different types of training ball and will only use hard cricket balls when we feel our players are ready to use them and have the ability to use them.

Team Selection Policy

We see matches as an important part of learning and improving therefore the aim of friendly and league games will be aimed at improving our players and not necessarily winning at all costs. We want everyone to feel that they are part of the team, and will ensure that when playing matches all of the players are included. For each age group juniors of that age will be selected first e.g. if the junior is 10 then they will be selected for the under 10 team ahead of a junior that is 9. Any exceptions will be agreed by the Junior Cricket Director, but please support the Age group manager in their selection policy.

Salfords Cricket Club

Parents / Guardians Guideline

All children play cricket because they first and foremost love the game - it's fun. It is important to remember that however good a child becomes at cricket within our club it is vital that parents/guardians understand that positive encouragement will contribute to:

1. Children enjoying cricket
2. A sense of personal achievement
3. Self-esteem
4. Improvement in the child's skills and techniques

A parent or guardians' expectations and attitudes have a significant bearing on a child's attitude towards:

1. Other players
2. Officials
3. Managers
4. Spectators

At Salfords Cricket club we believe that parents / guardians within our club should always be positive and encouraging towards all of the children:

With this in mind, we encourage parents / guardians to:

1. Applaud good play from the opposition not just our own team
2. Avoid coaching the child during the game
3. Not to shout, scream or swear.
4. Respect the umpires decision
5. Give attention to each of the children involved in the team, not just the most talented
6. Give encouragement to everyone to participate in cricket

It is a condition of the club accepting your child to represent us that parents / guardians agree and adhere to this guideline and the club's Child Protection Policy.

Permission for the use of photographs and recorded images

Salfords Cricket Club (the club) recognises the need to ensure the welfare and safety of all young people in cricket. As part of this commitment we will not permit photographs, video images or other images of young people to be taken or used without the consent of the parent/guardian and the young player. The club will follow the guidance issued by the England and Wales Cricket Board (ECB) on the use of images of young people which is available on <http://www.ecb.co.uk>. The club will take steps to ensure that these images are used solely for the purpose they are intended, which is the promotion and celebration of the club's cricketing activities. If you become aware that these images are being used inappropriately you should inform the Club Welfare Officer immediately.

If photographs e.g. team or action shots, are submitted to the press or published on the club website individuals will not be identified. In circumstances where there is a need to identify an individual player in the press parental permission will be sought beforehand.

Please note: The club understands that there are circumstances under which a parent would not wish their child to be photographed. Whilst the club will do all that it can to ensure the safety of children during games and practice, it is the responsibility of the parent concerned to ensure that if necessary their child is not videoed or photographed. The club is not always able to supervise children at all times during cricket activities or competitions.

Club changing policy (If playing senior cricket)

All parents must be aware that there are circumstances under which players under the age of 16 years may find themselves changing in the presence of older persons. The club has therefore adopted the following policy in accordance with the ECB's 'Safe Hands – Welfare of Young People in Cricket Policy':

1. Adults should not change or shower at the same time using the same facility as young people.
2. Adults should try to change at separate times from young people
3. If adults and young people need to share a changing facility, the club must have consent from the parent/guardian that their child/children can share a changing room with adults in the club.
4. If young people need to share changing facilities with adults, their parents will be allowed to supervise them whilst they are changing.

Note: If young people are uncomfortable changing or showering with adults, no pressure should be placed on them to do so. Encourage them to do this at home.

I agree to adhere to and comply and give permission in regards to the above.
